## Add an iCal Feed to a Smart Phone

A calendar feed can be pulled from the SportsEngine website into a smart phone to keep track of events for a particular player.

**Step 1:** Navigate to a Calendar Page

**Step 2:** [Select the Tags that are only relevant to you](#)

**Step 3:** Select **Subscribe to iCal Feed** on the bottom of the Calendar

A screenshot of a calendar interface. The calendar shows dates from 25 to 31. On the 26th, there is an event titled "Apple Valley at Rosemount Irish" with a time of 4:59pm CDT and tags "Rosemount", "Apple Valley Teams", and "South". On the 28th, there are two events: "practice" (5:00pm-6:30pm CDT, tag "Rosemount") and "Practice" (6:00pm-7:30pm CDT, tags "Rosemount" and "Home"). At the bottom of the calendar, there is a navigation bar with options: "Hide Tags", "Print Page", "Subscribe to RSS Feed", and "Subscribe to iCal Feed". The "Subscribe to iCal Feed" option is highlighted with a red box. A "Show Tag Menu" button is also visible.

**Step 4:** Copy the iCal Feed Link

**Step 5:** [iPhone Users Select Here](#) or [Android Users Select Here](#) to continue.

## iPhone Instructions:

**Step 1:** Tap the Settings on your iOS device's Home screen.

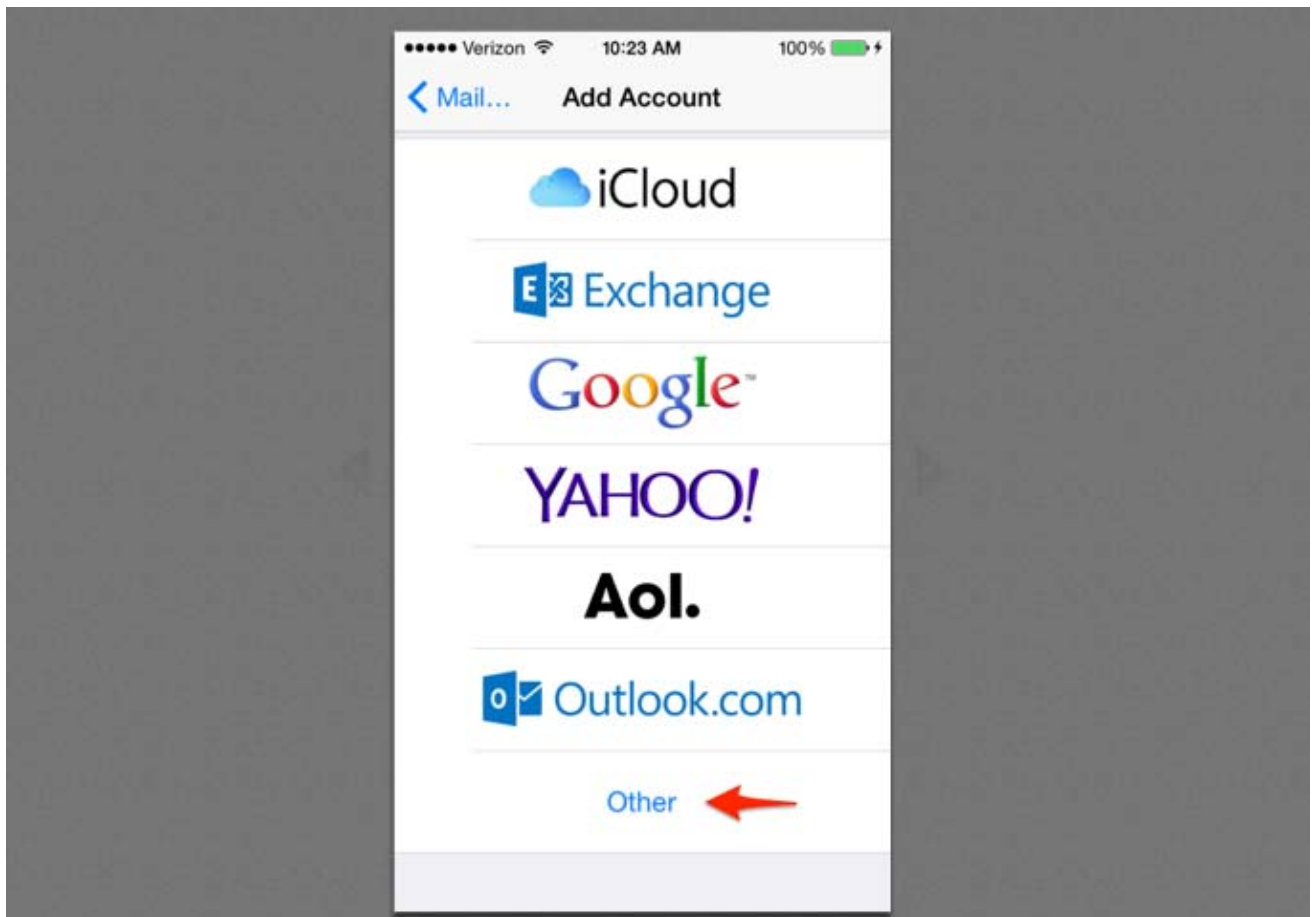

**Step 2:** Select "Mail, Contacts, Calendars," then tap "Add Account" in the Accounts section.

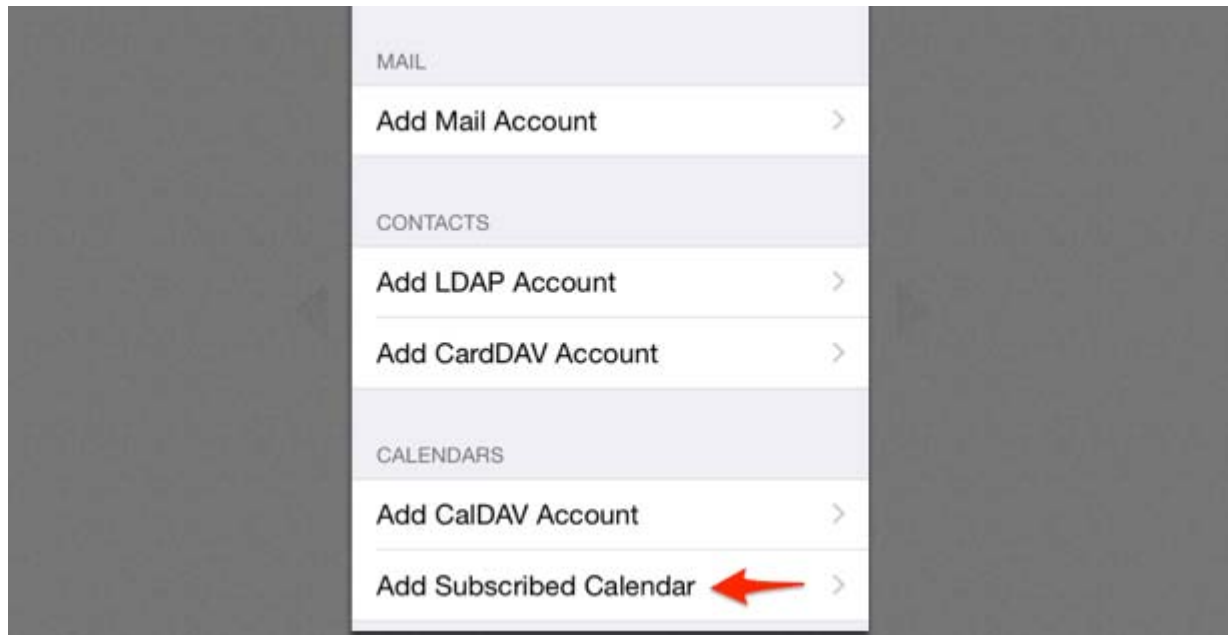

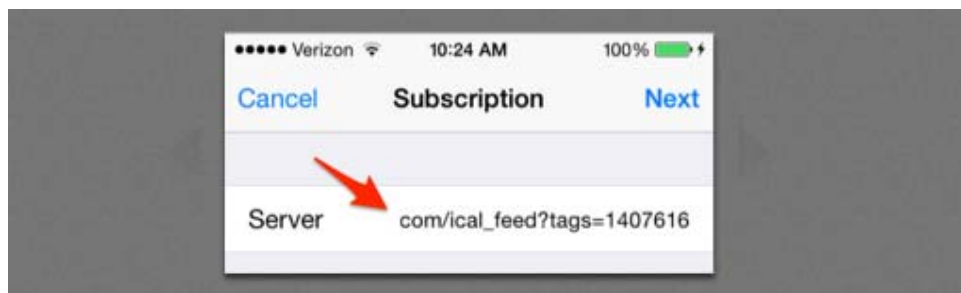

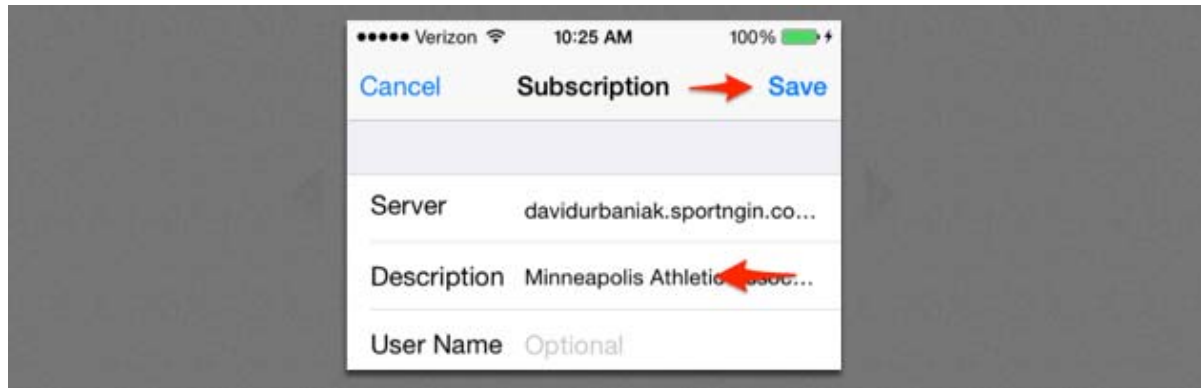

**Step 3:** Select Add Account

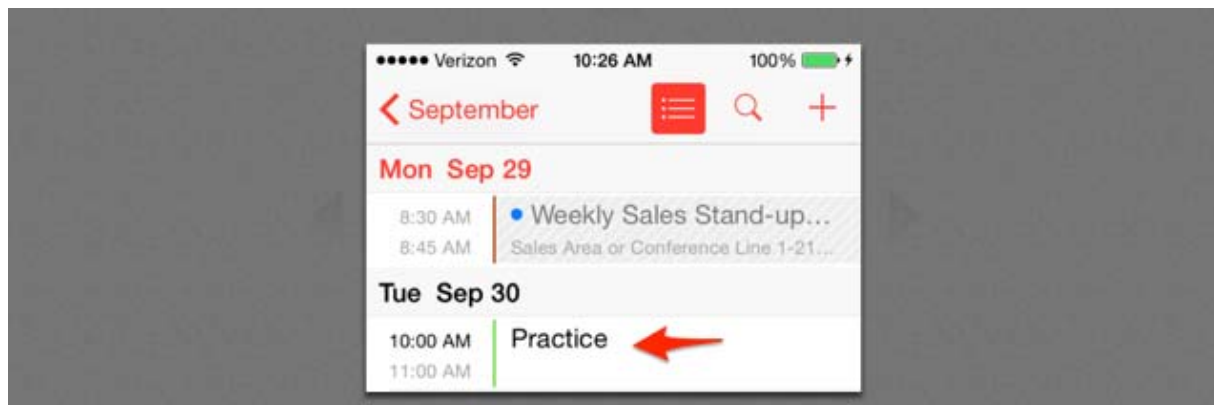

**Step 4: Select "Other"**

**Step 5:** Select "Add Subscribed Calendar"**Step 6:** Paste in iCal Link that was copied from the Calendar in to the Server Field**Step 7:** Select "Next," then enter a name for the calendar in the Description field.**Step 8:** Select "Save" to add the calendar to the Calendar app.

### Step 9: View the Calendar

#### Android Users Instructions:

**Note:** To add an iCal Feed to an Android phone, this must be done on a computer.

**Step 1:** Navigate to: [www.google.com/calendar/](http://www.google.com/calendar/)

**Step 2:** Log In to the Google Calendar that is used on your Android Phone

**Step 3:** Select Other Calendar

**Step 4:** Select "Add by Url"

The screenshot displays a calendar interface with a weekly view from Sunday to Friday. On the left, there is a sidebar with a 'CREATE' button and a calendar navigation for October 2014. Below the navigation are sections for 'My calendars' and 'Other calendars'. The 'Other calendars' section is expanded, showing a dropdown menu with the following options: 'Add a coworker's calendar', 'Browse Interesting Calendars', 'Add by URL' (highlighted with a red arrow), 'Import calendar', and 'Settings'. The main calendar area shows a grid of days with various events. Events include '11 Daily Team Standup', '9:30 Donut Day', and '2p Support Training'. A red arrow points to the 'Add by URL' option in the dropdown menu.

### Step 5: Paste in iCal Link that was copied from the Calendar

The screenshot shows a close-up of the 'Add by URL' dialog box. The dialog has a title bar with 'Add by URL' and a close button. Below the title bar, there is a 'URL:' label followed by a text input field containing the URL 'webcal://www.woodburyhockey.com/ical\_feed?tags=435'. Below the input field, there is a checkbox labeled 'Make the calendar publicly accessible?' which is currently unchecked. At the bottom of the dialog, there are two buttons: 'Add Calendar' and 'Cancel'. A red arrow points to the URL input field, and another red arrow points to the 'Add Calendar' button.

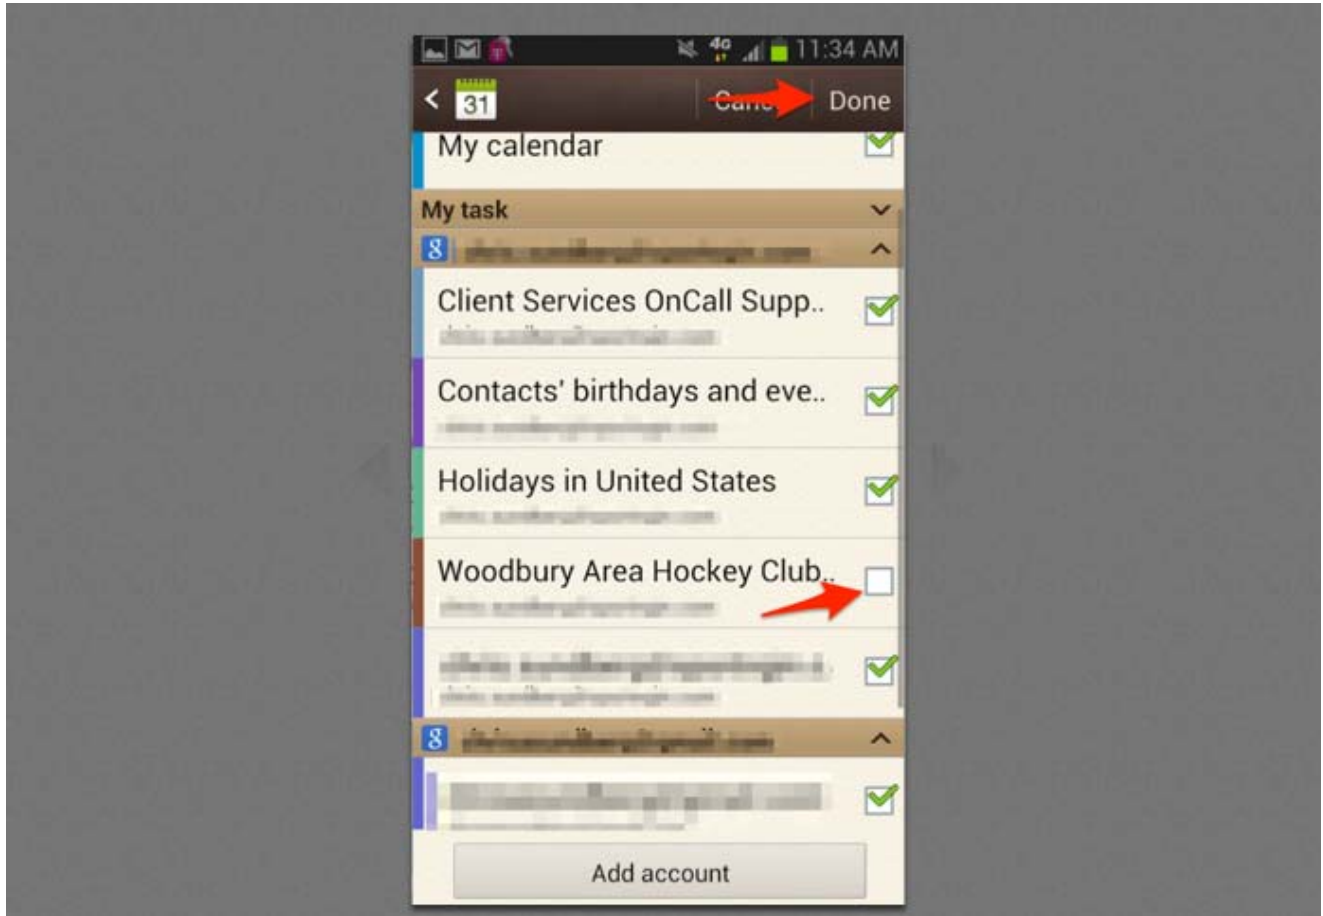

### Step 6: Open up the Calendar on your Android Phone

### Step 7: Select Calendars

### Step 8: Select the Calendar you would like to View and Done

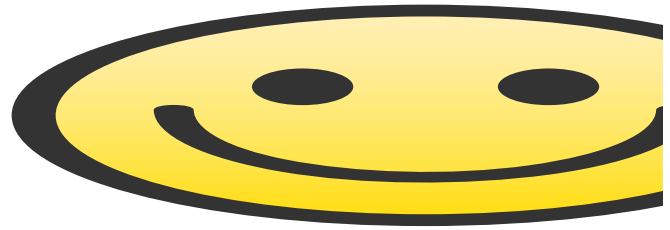

**Step 9: View New Event**
